👤 PROFILE

I'm a **passionate developer**, motivated by technical challenges. I enjoy finding imaginative and creative solutions to problems. My solid command of algorithms enables me to approach challenges methodically. My ability to work independently and learn quickly means I'm constantly on the lookout for new skills, powered by my insatiable curiosity. I can adapt quickly to change and new technologies.

⚙️ SKILLS

Front : JavaScript - TypeScript - React (Redux) - Angular - Tailwind

Back : SQL - NodeJs - Python - REST API

Tools : Git - VSCode - Figma - Agile methodology - PhotoShop/Gimp - Linux

⚙️ SOFT SKILLS

Determined - Creative - Flexible - Autonomous - Team player - Patient
